

SOCIOGRAPHY

as *geography*: **description** of interventions within communal space(s); the responsibility of a sociographer for the employed methods of description.

as *choreography*: **prescription** for interventions within communal space(s); the responsibility of a sociographer for the execution of the prescribed actions, as well as for the context in which these take place.

as *lithography*: **expression** of interventions within communal space(s); the responsibility of the sociographer for the means employed to express the sociology as a whole.
